Description

ECOray mobile electric infrared heaters of **REM/RET** type are perfect devices for heating spaces, where the use of stationary equipment is impossible. They can be used for industrial buildings, workshops, warehouses. They are perfect for use in the construction industry, for example for paint drying. The heaters are very easy to use. To properly operate simply connect it to the power supply. The heaters are equipped with quartz lamp with a long period of operation, aluminum reflector, which accurately reflects the heat.

Advantages

- easy to connect and use,
- RET model is equipped with front wheels blockade,
- lamp life - 7000 hours,
- low weight,
- range of radiation up to 50 m³.

Construction

ECOray electric infrared heater of **REM/RET** type are equipped with anti-tilt protection, which protects the device against accidental movements. Powder painting is an excellent protection against corrosion. They have freely adjustable up and down, which makes it easier to accurately direct the heat direction. Available in red.

Technical data

Model	Part Number	Lamps	Electrical Rating (kW)	Supply	Amperes (nominal)	Dimensions H x W x D (mm)	Weight (kg)
REM	REM30	Gold Quartz SK15	2 x 1,5	230V - 50 Hz	13	650 x 430 x 200 668 x 430 x 509 (with Stand)	7.1
RET	RET30	Gold Quartz SK15	2 x 1,5	230V - 50 Hz	13	1140 x 430 x 330 1140 x 650 x 650 (with Stand)	20.0
